

## Guest-Member Responsibilities

As stated in the Little Swan Lake Club (LSL) Covenants, it is the responsibility of the Little Swan Lake Member to make sure that guests are aware of and abide by all the rules and regulations of Little Swan Lake as well as state and local laws and regulations. The LSL rules are posted on our web site <http://littleswanlake.net>. Below are a few requirements of special note for guests to use the LSL facilities, including the lake. Most of these are listed also in the various specific sections with more detail, but are gathered here for convenience.

1. ■ Clubhouse: the LSL member reserving the clubhouse must be present during the event.
2. ■ Fishing: a LSL member must be present when a guest is fishing either in a boat or on the shoreline, unless the shoreline is the member's property. The fisher must be properly licensed by the State of Illinois in all cases.
3. ■ Boating: a LSL member must be present at the lake when a guest is using the member's motorized boat. No guest boats are allowed.
4. ■ Other sport use: a LSL member must accompany the guest when snowmobiles, 4-wheelers etc. are used on any LSL property, including the lake. No vehicles are allowed on the dam without express permission of the LSL board.
5. ■ Swimming: It is fine for guests to swim no further than 100 feet from shore off a member's property with no member present. There is no swimming off boats in the Wake Zone or off outlots. When swimming off a member's boat in the no-wake zone a member must be present at the lake.
