Approval of Minutes from last month

• Bob Breen motioned to approve last month's minutes. Patrick McKinley seconded. Minutes approved.

Water Superintendent's Report

- Larry Lawson reported the dates for the water tower inspection; October 14, 15,16, 2020. During this time, lake residents will experience lower pressure. Patrick McKinley will be sending out a Code Red message to LSL members regarding this event.
- Well #6 is due for a variable pump-hopefully before the water tower inspection. Larry will contact the company to set a date for pump installation.
- Re: last month's excessively high-water usage
 - Patrick McKinley drove around the lake to find out if there was a water leak. He discovered that many residents were watering lawns due to the excessive heat during the month. He talked with several owners and found out they were unaware of the consequences of using that much water. After talking with residents, the water usage returned to normal levels.
 - Larry reminded the trustees that the water tower was designed for domestic water use only.
- Discussion continued regarding excessive water use and what to do about it. Patrick will talk to the LSL Board at their September meeting to see if a notice can be sent out explaining the Sanitary District's water use policy.

Secretary-Treasurer's Report

- Patrick McKinley shared reports on year-to-date budgets and spending.
- The audit is completed. No concerns.
- The Code Red company payment will now include two checks; one from the LSL Board and one from LSL Sanitary District for the shared Code Red system.
- The final assessment for the water tower will be mailed soon.
- Motion made by Mat Douglass to accept the treasurer's report. Bob Breen seconded. Motion passed.
